I am still waiting for a confirmed amount for the original request.

Please note: The request was only for a **list** of available documents regarding the topic. Not the actual documents.

Can you provide this amount? I am prepared to make payment as soon as received, provided the amount is fair. If the document archiving process is efficient, I cannot imagine it would take more than 1 hour to provide a list. Is the \$160.00 amount quoted for a list only? I am trying to confirm before payment is made.

To reiterate: I am only requesting a **list** of available documents regarding the Dayton Prairie Groundwater Management Advisory Board. I am not requesting information regarding the Dayton Prairie Water Association.

Thank you,

Angela Flood

Angela,

The \$160 that was quoted to you was for the time it would take to go through all of the documents pertaining to the existence of the Dayton Prairie Groundwater Management Advisory Board. There are file drawers full of legal documents that will take a significant amount of time to sort through. If you are looking for documents after the board was incorporated through the state, there are only a few documents that Diane has on file.

- membership list (Jan. 2005)

- Agenda (Oct. 2003)
- 2006 Annual Report
- 2004 Annual Report
- Letter and filing fee paid by Dayton in 2004
- Invoice to Lafayette for ½ filing fee (2004)
- Water level update 2006 from Groundwater Solutions
- Letter from City of Dayton re: registration under the charitable trust and corporation act
- Settlement agreement
- Bylaws for Groundwater management advisory board

I note the settlement agreement states there shall be five members, yet the filing was made with only two. Any reason for that? Also, why only one meeting in all these years? The settlement states this will be an ongoing board.

Also, what would be the charge to have all of the below scanned and sent to me with the following exceptions?

Was there another settlement agreement beyond the one in 2000? It is shown in the list below. If it is the document sent in the previous email, it would be excluded. That would also be before the date the board was filed.

I have these from the state already - 2006 Annual Report, 2004 Annual Report - so they would also be excluded. If you need the additional years, please let me know as I also have them from the state. I have already forwarded to the city in the previous email the original articles of incorporation, so now you also have that.

Please advise and I will provide payment directly.

Thank you,

Angela Flood

I don't know the answers to any of these questions. I would have to forward the questions on to Diane to answer and she will not be in the office until Monday. To get the documents, it will cost another ½ hour of my time- \$10. I have already spent way over a half hour dealing with this.
